## Village House in Casarabonela

This charming village house is located right in the very heart of Casarabonela and so offers great access to all the modern facilities that this typically Spanish village has to offer. The house itself is compact but would make an ideal holiday home. As you enter you are greeted by a warm and welcoming lounge, from there you walk through a hallway to a fully fitted kitchen. The kitchen also offers access out to the enclosed terrace. On the first floor you will find the bright and airy master bedroom, which also has large French doors which lead out on to a standing terrace, which flood the room with light. There are two further rooms, which would best be described as children's rooms as they are compact. Lastly there is also a fully fitted, modern bathroom. A nice house, which has been tastefully renovated. All furniture is included, a perfect holiday home.
