Land located outside Casarabonela with permission to build

Set in an Environmentally Protected Area this pretty village nestles among the hills approx. 20 miles inland from Malaga. Whilst retaining its Spanish charm it offers all normal amenities plus a good selection of bars and restaurants.

This beautiful plot of land is located only 5 minutes drive from Casarabonela, it consists of approximately 72,000 m2 of land with various fruit trees including Almond, Olives and Pine trees. Here you will find 360-degree views of the surrounding countryside. The owner has installed a well and electricity is located to the side of the plot, he advises that there can be enough to supply four properties. Also the land has two individual title deeds of approximately 30,000m2 and 42,000m2 meaning that the purchaser could sell one of the plots at a later date. The owner advises that there is also permission to build two houses on the plot.

Summary – A lovely plot with panoramic views, good access, a large amount of land and permission to build two houses. This is a stunning piece of land and we expect interest to be high and so an early viewing is recommended.
