

Property REF 2006.28.11.306

Country Retreat in Casarabonela

This impressive property is located only a short 5-minute drive from the beautiful village of Casarabonela and yet feels a world away. The venta sits at the top of a valley and has some truly magnificent views out across the countryside. The property comes with approximately 20,000 of land as well as water and mains electric. Inside you will find a large bar / restaurant with seating at one end. There is also a large bar and a feature fireplace which all adds to the rustic country feel that the venta exudes. There is also a kitchen as well as both male and female toilets. On the first floor is a large roof space, which runs the entire length of the property. At present this is used for storage but it could be converted into living accommodation. This is a versatile property, which would lend itself to a variety of uses. It could be kept as a country restaurant or alternatively it could be extended and turned into a very large family home.
