## Finca in Casarabonela

This charming finca is located approximately 10 minutes drive from the village of Casarabonela and yet feels a world away. The property commands spectacular views out across the surrounding countryside and the views have to be seen to be believed. The 42,000 square meters of land are dotted with various fruiting trees whose sweet scent fills the air on warm summer nights. The finca itself needs some modernisation and would benefit from the internal layout being rearranged, which would not be expensive to do. Electricity is connected and water is provided via a well and a deposit. This is an attractive finca, in a very good location, which could be made in to a real gem at very little cost. As we expect interest to be high an early viewing is recommended.
