Village House in Casarabonela

This charming village house is located right in the very heart of Casarabonela and so offers great access to all the modern facilities that this typically Spanish village has to offer. The house itself is compact but would make an ideal holiday home. As you enter you are greeted by a warm and welcoming lounge, which also features a galley style kitchen. This is a compact area but is fully functional and would be perfectly useable for a few weeks while on holiday. Just off the lounge are the double bedroom and bathroom. Each is accessed independently via their own separate doors. All furniture is included in the price, this would make an ideal holiday home for a couple or single person wanting a base from which to explore this beautiful part of Spain.
