Village House in Casarabonela

This attractive village house has just been carefully reformed and so offers any potential buyer the opportunity to put their own stamp on the inside of the property. As you enter the house you are greeted by a large lounge area which is bright and airy. This then leads through to the kitchen which has been built in the typical Andalucían style. Also located on this floor is a WC and access out to a small courtyard. On the first floor there are 4 rooms which could be used for a variety of purposes. On the second floor there is access out on to a large roof terrace which boasts some spectacular views out across the village.
