

Property REF 2003.29.08.097

Village House in Casarabonela

The house is centrally located right in the heart of Casarabonela and is within easy reach of all the local amenities. The property is accessed through two large original rustic doors, which lead into the ground floor living room. This spacious room has a feature fireplace and is the hub of the house with all other rooms leading off of it. Also located on this level is a dining room and kitchen. The house has plenty of outside space with a beautiful central courtyard garden and roof terrace with great views out over the countryside. There are also two additional utility rooms located just off the courtyard. The first floor offers two sets of accommodation, the first offers a very large double bedroom with an en suite bathroom. The second has been completely refurbished and is comprised at present of a large double bedroom, single bedroom, lounge with feature fireplace and bathroom. All have been finished to a high standard. Lastly there is another large room located on the second floor. This room has spectacular views out across the countryside and would make ideal additional bedrooms or perhaps an office and study. This is a substantial property in a central location which has been reformed to a high standard. This house has a lot to offer and viewing is highly recommended.
