## Finca Just outside Casarabonela

This quaint finca is located only a short drive from the beautiful village of Casarabonela. The property is located at the top of a small hill and so the views are out of this world ! The finca sits on 10,000 square meters of land which is dotted with various fruiting trees. Inside the finca there is a good sized open plan lounge and kitchen area. Just off of this are the two bedrooms (one double and one single) and a fully fitted bathroom. Attached to the back of the property are a couple of other rooms which could be incorporated in to the main house. There are also additional out buildings which could be reformed to create additional living space, a summer lounge perhaps. The possibilities for a property like this are endless and viewing is highly recommended.

*great investment*
