Village House in Yunquera

This recently reformed village house is located close to the centre of the village and so offers easy access to the all the local amenities that this typically Spanish village has to offer. As you enter the property you are greeted by a rustic style lounge area with a feature fire place at its heart. Just off of this is the kitchen which boasts some great views from the window. The kitchen comes with both an oven and hob. On the first floor you will find a good size double bedroom and a modern family bathroom. The second floor provides yet another bedroom which has patio doors out on the small but charming roof terrace. This terrace has some truly stunning views out across the countryside and due to the fact that the bedroom has the large patio doors you could be waking up to this view every morning.
