Village House in Yunquera

Yunquera is in the heart of the Serranía de las Nieves, and borders with the eastern end of the Serranía de Ronda. The surrounding landscape is very beautiful, with an abundance of the rare pinsapo (Mediterranean pine) growing in the mountains. This large property has a lot to offer any prospective buyer. It is located in a quiet 'cul-de-sac' and so is ideally located. On the ground floor there is a nice sized lounge with chimney. The kitchen is an adequate size but could use some modernisation. Also located on the ground floor is a fitted bathroom plus a small utility room and storeroom. Located on the first floor are 4 bedrooms all of which are of a good size. An attractive property, which is in need of some renovation but which would make a great investment.
