Village House in Yunquera

This charming village house is located in the centre of the village and so offers easy access to all the local amenities that this large village has to offer. The house is in need of redevelopment but is priced to reflect this. Downstairs there are two large rooms, which could possibly become the lounge and kitchen. Upstairs there is a single large space, which could be converted into two bedrooms and a family bathroom. A roof terrace may also be possible. This is a good opportunity to design and build a very saleable village property.

Building Size	60 square meters approx
