Village House in Yunquera

This charming property is located close to the centre of the village of Yunquera and so offers easy access to all the modern amenities that this village has to offer. The property needs to be reformed but is well priced to reflect this. Inside you will find a spacious lounge / dining room which runs the entire width of the property. This then leads through to a kitchen. On the first floor there is a good sized double bedroom as well as a large family bathroom. on the second floor there is yet another bedroom and access out to the roof terrace which boasts some spectacular views out across the village. This would make a great project for someone looking to get on to the Spanish property ladder at a rock bottom price. This house could be made in to a real gem, viewing is advised.
